

E3

Eidolon E3 is extremely competitive outdoor IP66 gobo project. The die-cast aluminum housing and natural cooling heat dissipation technology ensure the E3 has reliable stability. With electronic zoom of 8–40°, it can be used for large-area and long-distance projection, the built-in automatic focusing system can quickly adjust the light spot clearly. Equipped with the CMY color-mixing system and 7 color filters, 7 rotating gobos, the dynamic effect wheel, 4F prism can realize rich and colorful animation effects. The OLED display with touch buttons can be the control system easily at site. It is applied in theme parks, amusement places, landmark buildings, building complexes, outdoor performances and other places.
